Symposium Objective

The UCSF/SFSU Graduate Program in Physical Therapy is dedicated to the training of scholarly clinicians and clinical scholars. The goal of the Spring Symposium is to provide an opportunity for students, faculty and keynote speakers to update peers, alumni and clinicians from the community in current evidence supporting physical therapy clinical practice in a face-to-face format. Third-year DPT students are presenting their culminating experience evidence-based reviews and/or meta-analyses.

Basic Course Schedule*

8:00-8:15am    Registration (Medical Sciences Lobby)
8:15-8:30      Welcome (Cole Hall)
8:30-9:30      Keynote speaker: Dr. Philip Sabes
9:30-9:45      Break
9:45-11:00     Timeslot 1*
11:00-11:05    Transition
11:05-12:20    Timeslot 2*
12:20-1:00     Lunch
1:00-1:50      Timeslot 3*
1:50-2:20      Posters
2:20-3:10      Timeslot 4*
3:10-3:15      Transition
3:15-4:30      Timeslot 5*
4:30-4:45      Closing remarks (Cole Hall)

*For each timeslot, please choose the room with presentations that appeal to you.

- HSW-300: Orthopaedic
- HSW-301: Orthopaedic & Neurologic
- HSW-302: Neurologic & Pediatric
- HSW-303: Multi-Systems
Keynote Speaker – Philip Sabes, PhD

Dr. Philip Sabes is a neuroscientist and neural engineer and a Professor of Physiology at the University of California, San Francisco. Dr. Sabes’ laboratory works to understand how the brain controls movement, and in particular the role of sensory information and learning. His lab also applies their scientific findings toward the development of Brain Machine Interfaces to help people with severe sensory and motor loss, such as spinal cord injury. Dr. Sabes currently holds the Jack D. and DeLoris Lange Endowed Chair in Cell Physiology at UCSF.
