Faculty Positions:

UCSF Clinical Faculty Supervisor

The UCSF Department of Physical Therapy and Rehabilitation Science is seeking a full-time Clinical Supervisor in the Health Sciences Clinical Faculty series (at the rank of Assistant or
Associate Professor). This position manages and supervises the operational and administrative functions of one of UCSF Faculty Practice outpatient physical therapy clinics and satellites. With over 44,000 clinic visits/year, the clinical supervisor responsibilities will include managing, planning, and coordinating the daily operations of one of our busy therapy clinics. They will supervise clinical faculty, medical center staff physical therapists, and support staff (clinical and administrative), while optimizing delivery of patient care services, and acting as a liaison with patients, staff, faculty, and other departments within UCSF Health and the School of Medicine.

As a member of the Department and the Leadership Team, the Clinic Supervisor will work with the other Clinical Supervisors, the Assistant Director-Outpatient Rehab Services, Ambulatory Administration Practice Supervisor, Rehabilitation Services, and other stakeholders to make recommendations for and plan implementation of improvements in patient care procedures, protocols or programs directed by the Department and provided by the clinical enterprise. The Clinical Supervisor leads faculty and staff development and engagement activities, including LER compliance, timesheets, performance improvement, discipline, attendance, and annual performance evaluations for clinical faculty, medical center physical therapists, and rehabilitation aides. The Clinical Supervisor makes recommendations for staffing levels, guidelines, supplies and equipment required to meet the needs of patients served in the clinical setting.

Additional roles and responsibilities include interpreting policies (e.g., fiscal management, HR, contracts and grants, resource management in defined areas), and analyzing and resolving problems. The Supervisor guides staff to assure accountability and stewardship of department resources (operational, financial, and human) in compliance with departmental goals and objectives, and provides input for aligning clinical initiatives with strategic priorities of the Department, School, and Health System. The Clinical Supervisor demonstrates excellent subject matter knowledge, and exercises judgment within defined procedures and policies to determine appropriate action. They will support initiatives to further the Mission of UCSF, including participation in Lean process improvement activities, selected UCSF Health and Departmental committees and workgroups, and clinical education programs at UCSF. The Clinical Supervisor will work in conjunction with other supervisors at the faculty practice sites to help integrate clinical research, best practices within individual practice settings, and regulatory compliance. They will ensure consistent quality standards, ensure the highest level of patient care and satisfaction, and assist in improving access, meeting established clinical metrics, and incorporating clinical education and research into the practice. The clinical supervisor also facilitates and supports continued growth activities in Outpatient Rehabilitation Services. This position will have direct reporting to the Assistant Director- Outpatient Rehabilitation, and as a member of the faculty, will also report to the department chair.

The Department of Physical Therapy and Rehabilitation Science, as a component of the UCSF School of Medicine, provides mission driven and evidence-based patient care services across the health system in areas of patient care, education, and research. Physical Therapy services are provided for patients across the lifespan continuum at locations such as UCSF Helen Diller Medical Center at Parnassus Heights, UCSF Benioff Children's Hospital and Sports Medicine Center for Young Athletes, and outpatient based Faculty Practice locations, such as Mission Bay, Mount Zion, and Lakeshore, and embedded interdisciplinary clinics. The Department educates scholarly, socially sensitive clinicians, educators, and researchers in physical therapy and rehabilitation science who will lead the profession into the next century. Physical therapy students and physical therapy providers participate as part of a team within
an environment of health care that is patient focused, and directed towards building the
scientific base of clinical practice, with an eye toward equity, quality, accessibility, and
efficiency.

Applicants must hold a DPT degree and have an area of practice expertise, preferably as a
Board-certified clinical specialist. The applicant must have a license to practice physical
therapy in California or be eligible for licensure in California, and must have experience in
patient care. The candidate will be asked to share their expertise in the classroom and/or in
the Faculty Practice environment. This position comprises 65-70% supervisory work, 25-30%
patient care, and 5-10% teaching in the UCSF/SFSU Graduate Program in Physical Therapy
and/or Orthopedic residency program. The faculty member is expected to participate in
university governance, clinical faculty meetings, departmental administrative meetings, quality
assurance programs, and continuing education.

Academic rank and salary level will be based on the successful applicant’s experience.
Applications will be considered immediately and accepted until the position is filled. Interested
applicants should upload to the AP Recruit system a cover letter, CV, statement of
contributions to diversity and the names and email addresses for five references. For further
questions, please contact Anthony Casino at anthony.casino@ucsf.edu [2]. Please apply
online at https://aprecruit.ucsf.edu/apply/JPF02278? [3].

UCSF seeks candidates whose experience, teaching, research, or community service has
prepared them to contribute to our commitment to diversity and excellence. UCSF is an Equal
Opportunity/Affirmative Action Employer. The University undertakes affirmative action to
assure equal employment opportunity for underutilized minorities and women, for persons
with disabilities, and for covered veterans. All qualified applicants are encouraged to apply.

UCSF Clinical Faculty

The UCSF Department of Physical Therapy and Rehabilitation Science is seeking full-time
members in the Health Sciences Clinical Professor series (at the ranks of Assistant or
Associate Professor) to provide Physical Therapy services to the UCSF Physical Therapy
Faculty Practice, and to support its teaching programs in the UCSF/SFSU Graduate Program
in Physical Therapy.

The mission of the Department of Physical Therapy and Rehabilitation Science is to provide
evidence-based, patient-centered physical therapy services for the community, and to
educate scholarly, socially sensitive clinicians, educators, and researchers in physical therapy
and rehabilitation science who will lead the profession into the next century. Physical therapy
students and clinical faculty participate as part of a team within an environment of health care
that is patient focused, and directed towards building the scientific base of clinical practice,
with an eye toward quality, accessibility, and efficiency.

The UCSF Faculty Practice serves a broad range of patients (adolescents to elders) with a
variety of neurological and musculoskeletal challenges. The applicants for these positions are
expected to:

• practice evidence based, high quality care;
• teach students in the clinical setting;
• represent the Faculty Practice within UCSF and the surrounding communities; and
• maintain an active dialogue with UCSF referring providers and within the UCSF Health community.

At time of hire applicants must hold a DPT degree and have an area of practice expertise, ideally as a Board-certified clinical specialist (at time of hire). The applicant must have a license to practice physical therapy in California or be eligible for licensure in California, and must have experience in patient care at time of hire. The candidates may be asked to participate in classroom teaching, and will instruct students in the Faculty Practice environments. This position is comprised of 90-95% patient care and 5-10% teaching in the UCSF/SFSU Graduate Program in Physical Therapy, which offers an Entry-level Doctor of Physical Therapy degree program. The faculty member is expected to participate in university governance, faculty meetings, departmental administrative meetings, quality assurance programs and continuing education.

Academic rank and salary level will be based on the successful applicant’s experience. Applications will be considered immediately and accepted until these positions are filled. Should you have any questions, please address them to Anthony (Ekahi) Casino (anthony.casino@ucsf.edu). Interested applicants should upload a cover letter, CV, and the names and email addresses for five references to the AP Recruit system: https://aprecruit.ucsf.edu/apply/JPF01656

UCSF seeks candidates whose experience, teaching, research, or community service has prepared them to contribute to our commitment to diversity and excellence. The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status.

UCSF Clinical Faculty Women’s Health/Pelvic Health Specialist

The UCSF Department of Physical Therapy and Rehabilitation Science is seeking full-time members in the Health Sciences Clinical Professor series (at the ranks of Assistant or Associate Professor) to provide Physical Therapy services to the UCSF Physical Therapy Faculty Practice, and to support its teaching programs in the UCSF/SFSU Graduate Program in Physical Therapy.

UCSF Inpatient Clinical Faculty

The UCSF Department of Physical Therapy and Rehabilitation Science is seeking full-time members in the Health Sciences Clinical Professor series (at the ranks of Assistant or Associate Professor) to provide Physical Therapy services in the inpatient rehabilitation services department at UCSF Helen Diller Medical Center, and to support its teaching programs in the UCSF/SFSU Graduate Program in Physical Therapy and Acute Care residency program.

The mission of the Department of Physical Therapy and Rehabilitation Science is to provide evidence-based, patient-centered physical therapy services for the community, and to educate scholarly, socially sensitive clinicians, educators, and researchers in physical therapy and rehabilitation science who will lead the profession into the next century. Physical therapy students, residents, and clinical faculty participate as part of a team within an environment of health care that is patient focused, and directed towards building the scientific base of clinical practice, with an eye toward quality, accessibility, and efficiency.

The UCSF Helen Diller Medical Center Rehabilitation Services serves a broad range of adult patients (adolescents to elders) with a variety of diagnoses in settings ranging from critical care to Emergency Department. Our primary clinical teams include Physical Therapists and Physical Therapy Assistants working on a host of initiatives including early mobility, delirium
reduction, falls reduction, and outcomes improvements in the clinical areas of Orthopedics & Spine, Cardiac, Neurology, Medical/Surgery, Medicine, and Oncology.

At time of hire applicants must hold a DPT degree and have an area of practice expertise. The applicant must have a license to practice physical therapy in California or be eligible for licensure in California, and must have experience in patient care at time of hire. The applicants for these positions are expected to practice evidence based, high quality care; collaborate and communicate effectively in a multidisciplinary clinical team; participate in quality, safety, and outcomes improvements; demonstrate successful time management with multiple demands and competing priorities; professionally represent the Department of Physical Therapy and Rehabilitation Science within UCSF and the surrounding communities; and maintain an active dialogue with UCSF referring providers and within the UCSF Health community. It is preferred that applicants have recent clinical experience in a large hospital setting. The candidates may be asked to participate in classroom teaching, and will instruct students in the acute care environments. This position is comprised of 90-95% patient care and 5-10% teaching in the UCSF/SFSU Graduate Program in Physical Therapy (which offers an Entry-level Doctor of Physical Therapy degree program) and collaborates with the Acute Care Residency program. The faculty member is expected to participate in university governance, faculty meetings, departmental administrative meetings, quality assurance programs and continuing education. Academic rank and salary level will be based on the successful applicant’s experience. Applications will be considered immediately and accepted until these positions are filled. Interested applicants should upload a cover letter, CV, statement of contributions to diversity and the names and email addresses for five references to the AP Recruit system: https://aprecruit.ucsf.edu/JPF02288 [8].
